# FINE ART AUCTION

## Alicia McIntyre

Alicia's passion for art started 30+ years ago, but like many of us, careers, kids, and life got prioritized. A few years ago, she reignited the flame and as you'll see by her work, she clearly has an eye for crafting something truly special.

Alicia is a retired nurse, married with 4 kids and 4 grandsons whom she adores and spoils.

Each of Alicia's paintings reveals different layers, colors, textures, and narratives as the interplay of light and shadow come to life.
