FINE ART AUCTION

Erica Arndts

Providing a visual diary of my personal journey, inspirations, and influences is the mission behind my art. Wildlife, culture and life experiences are the main theme within my artwork.

I am originally from Dayton, OH, and currently traveling the world as a painter and muralist. You can find my murals in Mexico, Italy, France, Indonesia, and the US. As a muralist, it is my duty to help provide communities with powerful artwork and give everyone an opportunity to access art. I enjoy painting murals for positive impact and help bring communities together. There is no greater joy for me than to provide artwork for the masses.
