

QUINLAN VISUAL ARTS CENTER

Internship Program, 2008

The Quinlan Visual Arts Center is now accepting applicants for summer internship positions for high school and college students ages 15 and up. We are looking for competent and eager interns to assist with the Art Camp Programs with scheduling options in the spring and summer. Day to day duties include direct assistance with the planning and implementation of art projects, hands on participation with the children of the Art Camp Program and assisting the Art Camp Instructors. The internship will last for the duration of one to two weeks, Monday through Friday. We will provide professional recommendations and references to all accepted interns at the end of their term of service. Interns need to be reliable and will have to provide their own transportation to camp.

Applicants need to submit the completed internship form and brief teacher recommendation. Optionally, you may include a brief personal statement including areas of interest, work experience, future educational or occupational goals and photographs. Internship positions are limited; please forward application and recommendation as soon as possible. Entries may be mailed or faxed. Please call Assistant Director, Amanda J. Kroll.
