

PARTICIPATING ARTIST

PAT FIORELLO

Whether in oil or watercolor, Pat's paintings are uplifting and filled with energy through her color choices, distinctive and painterly brushstrokes and evident passion for her subject matter.

Pat is well known for her luminous floral and still life paintings, which convey a sense of energy and life. Often filled with lush foliage, bright flowers and European-inspired architecture, her romantic landscape paintings can transport you to a place of beauty and serenity.

An inspiring and widely respected instructor, she has taught workshops in the United States, Europe, New Zealand and the Caribbean. Plans for 2021 include a workshop on location in Sicily. Many of Pat's paintings of Europe are included in her book "Bella Italia, Italy through the Eyes of an Artist."

Custom paintings for your home or as a special gift can be created upon request. Given her love of flowers, commissioned paintings of bridal bouquets are one of Pat's unique specialties.

Committed to inspiring and uplifting others, Pat developed "Inspired Beauty", an inspirational card deck featuring her artwork and daily affirmations.
