

OIL PAINTERS OF AMERICA

2021 NATIONAL SALON SHOW | JUNE 10 THROUGH AUGUST 7

AT THE QUINLAN VISUAL ARTS CENTER

VIRGIA WEST

Having lived most of her life in the Pacific Northwest, it's no surprise that Virgia's paintings tell the story of how she views the beautiful life that surrounds her. Virgia West is an award winning artist, and has painted all her life. Self-taught, her passion is to create a visual story with her colors and paintbrush.

Never satisfied with good enough, Virgia finds inspiration everywhere. Nature in all it's forms is her model. She strives to capture the emotion that led her to paint a particular scene in a realistic manner and counts it as pure joy when viewers respond to the story she is telling.

A member of OPA (Oil Painters of America) and NOAPS (National Oil and Acrylic Painters Society) Virgia's work is a part of Idaho Artists website, as well as the Ebay storefront.

Virgia has been juried into international shows and chosen as a finalist in many of them.
